GLEANINGS FROM OUR ALUMNI

WE ARE always pleased and encouraged to hear of the civic, political, and professional activities of our graduates in their various localities, and are ever anxious to give publicity to these items of interest. Following the precedent set in our initial number, we hope to continue this column, featuring news items concerning the alumni wherever they are.

Again, we express appreciation to our field contributors for their loyal support in this regard, and may we urge them to communicate with us more freely and regularly, to the end that this particular column will never suffer for the want of interesting items.

1906

The College recently received a box containing some forceps from Dr. D. D. Foote of Chicago. We are very grateful for this gift, and are hopeful that other alumni will emulate this splendid manifestation of interest in the Old Alma Mater.

1911

Dr. Charles W. Dorsey, of Philadelphia, is President of the National Dental Association, which is in its third year of existence following the reorganization of the Inter-State Dental Association. He writes that he is highly pleased with his first issue of the *DENTOSCOPE*, and that in lieu of a Journal of the National Dental Association for the present, it should serve to contact the men and to spur them on to action.

We are pleased to have had among our recent visitors, Dr. and

DR. CHARLES DORSEY

Mrs. Ouderain Plummer of Jamaica, British West Indies. They came over by air route, via Haiti, and Miami, Florida, and after an extensive tour in the United States will return home by the same mode of travel.

DR. REGINALD E. BEAMON

1916

Dr. R. E. Beamon has, of September 25, 1934, concluded a record of twelve years incumbency as president of the Howard Club of Cincinnati. Dr. Beamon is to be remembered as one of our most loyal sons, and we are pleased always to hear of his activities, social, political, professional or otherwise.

1918

With little or no regard for the depression, Dr. T. J. Banks of Cincinnati, toured the Western United States on his vacation and had his office beautifully redecorated while he was away.

1921

Dr. H. Inge Wilson of Cincinnati, a famed debater on the "Hill", is married to the former Miss Louberta Moore (a Howardite). Dr. Wilson has recently opened a modern office on Mound Street at Seventh.

Dr. J. M. Hubbard is still holding his own in Durham, South Carolina. He is a member of the staff of Lincoln Hospital and an instructor in Bacteriology in the Training School for Nurses at that institution.

It is with sincere regret that we report the illness of Dr. Elmer D. Edwards. He is "on the mend" now, however, and hopes to be out soon. During his absence his office is being operated by Dr. Garey Browne, '33.

1923

Dr. Charles H. Carroll, of Cincinnati, efficient secretary of the Ohio Valley Dental Society, while on his "See America First" tour, visited Chicago during the Alpha Phi Alpha Convention.

Dr. Errold D. Collymore, of White Plains, N. Y., has a very well equipped office and, although engaged in general practice, he has leaned toward surgery and has a number of very interesting cases to his credit.

Dr. William H. Dyer was seen recently in Columbus, Ohio. He seemed prosperous but homesick for Washington.

1926

We have recently learned that Dr. Haywood N. Dowdy is listed among the benedicts.

Dr. E. P. "Pat" Norris is practicing in Durham, N. C.

1927

A missionary, returned from Africa, tells us that Dr. Money M. Townsend, '27, and his wife, Dr. Rachel Hill Townsend, '28, are reflecting credit upon their Alma Mater in Liberia, West Africa.

Dr. Robert C. McMurdock recently moved his office to Washington, D. C.

Dr. Leroy W. Bingham of Gary, Indiana, visited us recently and reported some very interesting cases which he has treated.

1929

Dr. Asia F. Lomax is enjoying his practice in Mount Vernon, N. Y. He is also one of the public school clinicians of the city.

Dr. T. M. "Bunny" Bundrant is engaged in practice in Monroe, N. Y. Since graduation he has spent considerable time in the Oral Surgery Department of Columbia University.

1931

Dr. Roland O. Groomes has been appointed to the visiting staff of the Oral Surgery Department

of Freedmen's Hospital. He is also in general practice at 1420 Ninth Street, N. W., Washington, D. C.

Dr. Harry T. Penn of Roanoke, Va., gave a very successful clinic diagnosis and treatment of fractures of the jaws at the last meeting of the Old Dominion Dental Society.

1932

We are in receipt of a letter from Dr. J. Maxwell Allen in which he states that he has opened his office in the Moses Office Building, Charlotte Courthouse, Va.

1933

The College is justly proud of one of its baby sons in the person of Dr. Winston C. Willoughby. He recently gave a clinic on gold foil restorations before the Dental section of the N. M. A. We also learned that he is doing splendid work in Zanesville, Ohio, as the organizer and director of the Junior branch of the N. A. A. C. P.

Word comes from across the waters that Dr. Hugh K. Lloyd, after completing his internship at the Forsythe Dental Infirmary, has returned to his home in Jamaica, B. W. I., to seek his fame and fortune.

A recent letter from J. P. Cheevers and M. L. "Max"

Gaines reveals the operation of a kind of partnership in dental practice. They claim a very high "P. A." rating for their office, and seem very much encouraged by the dental outlook in Georgia.

Dr. Ernest R. Kimbrough recently passed the West Virginia State Board of Dental Examiners.

Dr. Philip Y. "Pie" Wyatt who is practicing in Fredericksburg, Va. recently joined the ranks of benefactors. We congratulate him and extend the bride our best wishes.

1934

Three members of the class of 1934 are serving internships. Dr. Lester F. Reid is at the Forsythe Dental Infirmary in Boston, Mass., Dr. Norbert G. Bain is at the Guggenheim Clinic in New York City, and Dr. Herman Gaskins is at Freedmen's Hospital. Dr. Reid recently passed the New York Board with honors, and received the commendation of the examiners for his splendid showing in operative work.

RECENT VISITORS

VISITS from the alumni and friends are always pleasing to us, and oftentimes serve as an inspiration to both students and faculty.
